## LA in midst of CAT-TASTROPHE

---

**Los Angeles** – LA Animal Services is calling upon all Angelenos to help the City of Angels reach a No-Kill status. During this time of year LA's Animal Care Centers are inundated with lost and homeless cats. This is an annual Cat-tastrophe because these cats have little chance of survival unless a loving Angeleno finds room in his or her heart to adopt a cat or two. Cats are social animals and two are always better than one!

"Each year we experience this harsh reality," said Ed Boks, general manager of LA Animal Services. "There are just too many cats born this time of year and our shelters are quickly over crowded. We have to rely on the kindness of Angelenos to do the right thing: don't buy a pet, adopt a pet from Animal Services and save a life."

If you have a cat who is looking for a friend, or if you are looking for that special someone to give you unconditional love, please visit any one of LA's six Animal Care Centers to adopt a cat today!

LA Animal Services offers the best deal in town for cat adoptions. Each cat comes with a microchip (a \$50 value in most veterinary clinics) and the cats are spayed or neutered and vaccinated (another \$100 plus value)! **All this for just \$68!**

Please help LA Animal Services save the lives of our feline friends.
