(4<sup>th</sup>) Tuesday of each month at 10:00 A.M. Regular Meetings are held at City Hall, 200 North Spring Street, Room 1060, in Los Angeles, CA 90012. Evening Meetings are held in various locations throughout the City, from 7:00 to approximately 9:30 P.M. The agendas for Board meetings contain a brief general description of those items to be considered at the meetings. Board Agendas are available at the Department of Animal Services (Department), Administrative Division, 350 South Grand Avenue, 45th Floor, Suite 4501, Los Angeles, CA 90071. Board Agendas may also be viewed on the 2<sup>nd</sup> floor Public Bulletin Board in City Hall East, 200 North Main Street, Los Angeles, CA 90012. Internet users may also access copies of present and prior agenda items, copies of the Board Calendar, MP-3 audio files of meetings as well as electronic copies of approved minutes on the Department's World Wide Web Home Page site at <http://www.laanimalservices.com/CommissionAgendas.htm>

Three (3) members of the Board constitute a quorum for the transaction of business. Some items on the Agenda may be approved without any discussion.

The Board Secretary will announce the items to be considered by the Board. The Board will hear the presentation on the topic and gather additional information from Department Staff. Once presentations have finished, the Board President will ask if any Board Member or member of the public wishes to speak on one or more of these items. Each speaker called before the Commission will have one (1) minute to express their comments and concerns on matters placed on the agenda. (For certain agenda items, speakers will have two (2) minutes.)

**PUBLIC INPUT AT BOARD MEETINGS** – **Public Participation on Agenda Items.** Members of the public will have an opportunity to address the Board on agenda items after the item is called and before the Board takes action on the item, unless the opportunity for public participation on the item was previously provided to all interested members of the public at a public meeting of a Committee of the Board and the item has not substantially changed since the Committee heard the item. When speaking to an agenda item other than during Public Comment (see Public Comment below), the speaker shall limit his or her comments to the specific item under consideration (California Government Code, Section 54954.3).

**Public Comment.** The Board will provide an opportunity for public comment at every regular meeting of the Board. Members of the public may address the Board on any items within the subject matter jurisdiction of the Board as part of Public Comment.

**Speaker Cards.** Members of the public wishing to speak are to fill out one speaker card for each agenda item on which they wish to speak and present it to the Board secretary **before** the item is called.

**Time Limit for Speakers.** Speakers addressing the Board will be limited to one (1) minute of speaking time for each agenda item except during general public comment period which is limited to two (2) minutes per speaker. (For certain agenda items, speakers will have two (2) minutes each.). The Chairperson, with the approval of a majority of the Board, may for good cause extend any speaker's time by increments of up to one (1) minute.

**Brown Act.** These rules shall be interpreted in a manner that is consistent with the Ralph M. Brown Act, California Government Code Section § 54950 et seq.

**STANDARDS OF CONDUCT.** Speakers are expected to behave in an orderly manner and to refrain from personal attacks or use of profanity or language that may incite violence.

All persons present at Board meetings are expected to behave in an orderly manner and to refrain from disrupting the meeting, interfering with the rights of others to address the Board and/or interfering with the conduct of business by the Board.

In the event that any speaker does not comply with the foregoing requirements, or if a speaker does not address the

specific item under consideration, the speaker may be ruled out of order, their speaking time forfeited and the Chairperson may call upon the next speaker.

The Board, by majority vote, may order the removal from the meeting of any speaker or audience member continuing to behave in a disruptive manner after being warned by the Chairperson regarding their behavior. Section 403 of the California Penal Code states as follows: "Every person who, without authority of law, willfully disturbs or breaks up any assembly or meeting that is not unlawful in its character, other than an assembly or meeting referred to in Section 302 of the Penal Code or Section 18340 of the Elections Code, is guilty of a misdemeanor."

**VOTING AND DISPOSITION OF ITEMS** – Most items require a majority vote of the entire membership of the Board (3 members). When debate on an item is completed, the Board President will instruct the Secretary to "call the roll". Every member present must vote for or against each item; abstentions are not permitted unless there is a Conflict of Interest for which the Board member is obliged to abstain from voting. The Secretary will announce the votes on each item. Any member of the Board may move to "reconsider" any vote on any item on the agenda, except to adjourn, suspend the Rules, or where an intervening event has deprived the Board of jurisdiction, providing that said member originally voted on the prevailing side of the item. The motion to "reconsider" shall only be in order once during the meeting, and once during the next regular meeting. The member requesting reconsideration shall identify for all members present the Agenda number and subject matter previously voted upon. A motion to reconsider is not debatable and shall require an affirmative vote of three members of the Board.

When the Board has failed by sufficient votes to approve or reject an item, and has not lost jurisdiction over the matter, or has not caused it to be continued beyond the next regular meeting, the issue is again placed on the next agenda for the following meeting for the purpose of allowing the Board to again vote on the matter.

(**Commissioner Zaft** thanked Leyla for her work relocating shelter rabbits)

## 5. Discussion Items

### A. Proposal to Enter MOU with Foundation to Support Animal Services

**Maggie Neilson** discussed tradition of public-private relationships to support mission of public sector organization and work with Department and City Attorney.

**Commissioner Gross** asked about structure and relationship with Department. **Ms Neilson** responded that it needs to be an independent entity with a board that has the fiduciary responsibilities and controls, and has an ongoing coordination with the Department to ensure working towards the same mission; Department staff cannot sit on the board, but can attend meetings in an advisory and communications capacity; initially it will be the founding members and donors who will bring the expertise to the board; will need to determine whether to interface and coordinate with organizations already working with Department – already got their input – would like access, but not be part of the organization. **Commissioner Gross** asked about the oversight and coordination. **Ms Neilson** responded that it is subject to the rules and regulations governing 501(c)3 organizations; the board is ultimately responsible for the staff and outcomes. **Commissioner Zaft** asked about the process. **GM Barnette** responded that it will go to the Mayor for signature, PAW Committee and City Council for approval. **Commissioner Zaft** noted a typo on the first page: the last “Whereas” should have the formal name of the Board of Animal Services Commissioners; suggested that a renewal provision be included; recommended selecting donors that will work well with Department. **Commissioner Wolfson** thanked Ms Neilson for work on MOU.

Public Comment

**Phyllis Daugherty:** Stated that most non-profits supporting other City Departments include the name of the entity in theirs; expressed concern that organization sounds like a general fundraiser and that the Department will get part of it; does not indicate that it will report to the Controller or City Attorney; people will believe that they are donating to the City or a specific shelter.

**Ms Neilson** responded that the organization will purchase needed items that may not be the priority of the Department in their budget, but are in support of the mission; money can be spent on organizations that support the mission of the Department; it will help coordinate resources more quickly. **Commissioner Gross**

**Please join us at our website: [www.LAAnimalservices.com](http://www.LAAnimalservices.com)**

asked about consideration to include the Department's name in the Foundation title. **Ms Neilson** responded that name can be changed at any time. **Commissioner Zaft** noted that the Articles of Incorporation were not provided and requested that they be sent to the Commissioners.

**Commissioner Wolfson** moved to approve the MOU between the Los Angeles Animal Rescue Foundation and Los Angeles Animal Services and instruct the General Manager to transmit the MOU to the Mayor and City Council to request their approval. **Commissioner Gross** seconded and the motion passed 3 - 0.

**B. Update on Review of Permitting Requirements for Exotic Animals**

**DFO Mark Salazar** provided an overview of the staff report, and took questions.

**Commissioner Zaft** asked, in reference to the incident, whether permits issued to an animal rental company are in effect for one year. **DFO Mark Salazar** responded that the vendor is the animal rental company that receives the Wild Animal permit for one year, and the promoter or coordinator for the event also obtained an Animal Acts and Exhibition permit for the specific location, and refers to the vendor with the Wild Animal permit. **Commissioner Zaft** asked if both permits are obtained from LAAS; **DFO Mark Salazar** responded affirmatively. **Commissioner Zaft** referred to rule 10.16, which states that the permitted entity shall keep the animal confined at all times on the premises for which the permit has been issued, unless there is special permission from the Department to remove the animal; asked if permit was given to have elephant in Hollywood Hills, whether the event coordinator agreed to the conditions for receiving the permit and provided the detailed description of the proposed activities, written public safety plan and what to do if animal escaped, description of barriers, security staffing, signage and fencing, detailed description of containment methods. **DFO Mark Salazar** responded affirmatively and that all would have been reviewed by staff before making a recommendation to issue permit. **Commissioner Zaft** asked whether the event coordinator provided written notice to the surrounding properties informing them of the event and elephant. **DFO Mark Salazar** responded that it is all part of the permitting process. **Commissioner Zaft** asked whether staff had confirmed that notification had taken place. **Officer Annette Ramirez** responded that the permit applicant is not required to provide proof of having complied with the notification. **Commissioner Zaft** stated that the existing regulations are robust, but noted several instances where the event coordinator violated the terms; had surrounding residents been notified of the event, there would have been some objections to the issuance of the permit. **DFO Mark Salazar** responded that staff does not check with residents to confirm notification. **Commissioner Zaft** asked whether there was any staff review of this particular case to determine compliance. **DFO Mark Salazar** responded not to his knowledge. **Commissioner Zaft** requested to see the applications for this particular case in order to be understand how the system is working; **DFO Mark Salazar** responded affirmatively. **Commissioner Zaft** asked whether imposing restrictions when it involves a residential neighborhood would create a 1<sup>st</sup> Amendment or due process or deprivation of property issue; believes a city may be able to restrict elephants and lions in residential neighborhoods. **GM Barnette** responded that staff is looking for direction; report was to provide information on current process; questioned giving an organization a permit for a year. **Commissioner Zaft** responded that it could

make sense for the rental company, but for animals to be kept at the location; for an event, it must be a separate permit for an event where zoning should be considered. **Commissioner Gross** stated that although the report states that the vendors are exceptionally careful with their business, but the Hollywood situation indicates that is not the case – elephants were walking up the street, people were draping themselves over the elephants and taking pictures – they weren't being very careful; disagreed that a ban on these types of events would result in unpermitted events because the fine is cheaper than the permit – recommended increasing the cost of the fine; the problem is enforcement – would like to disallow this particular type of activity. **GM Barnette** shared that Council Members Ryu and Koretz had introduced a motion to ask the City Attorney to prepare an ordinance to restrict and otherwise regulate the display of wild and exotic animals in public spaces when a special event or filming permit have not already been issued. **Officer Annette Ramirez** added that permits are issued for animal acts and exhibition, not parties. **Commissioner Zaft** recommended adding the listing of the purpose of event to assist with enforcement when inconsistent with purpose; vendor's permit should be able to be revoked if rental animal used for improper purpose or for unpermitted event; requested to see the applications and permits for this particular case, and a follow-up report with recommendations for changes. **DFO Mark Salazar** suggested timing it with when the City Attorney completes their report. **Commissioner Wolfson** stated that he supports Commissioner Gross' recommendations on the fines. **Commissioner Zaft** asked whether the item was heard today at Council or PAW Committee. **GM Barnette** responded that it was not today, but is coming up on an agenda for PAW Committee.

#### Public Comment

**Nick Greif (CD4):** Stated that the motion is in relation to animals being used for profit in the public right of way; commented that current process allows for inappropriate use of animals; working on separate process to address "party houses"; argued that unpermitted events resulting from banning permits can be dealt with – can dissuade vendors from animal rentals rather than risk losing permit; consulted with attorneys and stated that it is not a 1<sup>st</sup> Amendment issue; 1-year permit is not an issue for vendors, but permit for locations should be limited to actual date and time of event; need for mechanism to shut down event if violations of the terms of permit are observed. **Catherine Doyle:** Director of Science Research and Advocacy with Performing Animal Welfare Society; offered assistance with process; mentioned public safety issues; questioned some artistic and educational components of events; questioned allowing these types of events. **Commissioner Zaft** asked if there are any examples of other cities. **Ms Doyle** responded that San Francisco banned all wild animal performances and displays. **Commissioner Zaft** asked about the filming industry. **Ms Doyle** responded that Oakland rules should be looked at; the number of permits issued for filming should be reviewed to determine impact. **Phyllis Daugherty:** Stated that California Fish and Wildlife should be included, recommended consulting with legitimate animal handler for filming – Second Generation; stated that there are no 1<sup>st</sup> Amendment rights issue.

**Commissioner Zaft** asked staff to take the comments and recommendations made and work with the City Attorney to come back with a report with recommended changes. (**Commissioner Wolfson** was not well and left the meeting, recommended adjourning in honor of Commissioner Brent's service)

### C. Staff Report on El Niño Preparations

**DFO Mark Salazar** provided an overview of the materials and described what is “El Niño”; has been participating in preparation meetings since September 2015, and participating in community preparedness meetings; stated that staff has been trained and shelter staff are prepared for additional animals, and Best Friends is also available; LAFD will respond if incident involves fast water; fleet vehicles available include two horse trailers, a mighty mover capable of transporting and temporarily housing approximately 30 animals, a blue med tent for temporary set up of medical services, a gator for wet and difficult terrain, and an inflatable motorized boat; if a family needs temporary housing for their animals, housing will be provided free of charge for 30 days; will provide portable holding cages at the various city facilities such as recreation centers and temporary shelters if needed.

**Commissioner Zaft** asked if there were any incidents experienced with recent rains. **DFO Mark Salazar** responded that there have been issues with the heating system as discussed, and drainage issues at North Central’s back parking lot, which did not affect the animals. **Commissioner Gross** asked about the kennel areas as they are exposed to the elements – what is the procedure. **DFO Mark Salazar** responded that it is best that DFO Dedeaux address questions about shelters; not seeing issues with kennels flooding and not being able to drain. **Commissioner Gross** asked about exposure. **DFO Mark Salazar** responded that there are areas in the kennels where they can get out of the rain; mentioned horse rescue in Tujunga Wash. **Commissioner Zaft** asked about Officer involved and whether there was fast moving water. **DFO Mark Salazar** responded that it was an East Valley Officer, horse was at homeless encampment and water was picking up. **Commissioner Gross** asked if there has been additional public outreach on how to care for animals; use of City Council e-newsletters and Neighborhood Councils. **DFO Mark Salazar** responded that information is being distributed at townhall meetings. **Lt. Susan Botta** responded that a guide is being compiled with different City Departments and services. **Commissioner Zaft** asked if Canvassers were helping with outreach. **DFO Mark Salazar** responded that it was a good idea. **Commissioner Gross** suggested doing the same type of outreach as that conducted during heatwave.

**SUBJECT:** USE OF THE ANIMAL WELFARE TRUST FUND (AWTF) TO PROVIDE FUNDS TO NONPROFIT INTERVENTION GROUPS AT LA CITY ANIMAL SHELTERS TO HELP PAY REDEMPTION FEES FOR COMMUNITY MEMBERS WHO CANNOT AFFORD TO REDEEM THEIR PET FROM AN LA CITY ANIMAL SHELTER

**BOARD ACTIONS RECOMMENDED:**

1. **APPROVE** a pilot program establishing a special fund to be used to reimburse nonprofit groups that provide intervention services at Chesterfield Square (South), North Central, and East Valley Animal Shelters for redemption fees paid by these groups to help their clients get impounded pets home from the shelters.
2. **APPROVE** the transfer of \$40,000 from the Animal Welfare Trust Fund to be held exclusively to reimburse our nonprofit Intervention Partners for redemption fees paid for clients whose dog or cat has been impounded at Chesterfield Square (South), North Central and East Valley Animal Shelters.
3. **DIRECT** staff to establish a process consistent with City Finance and Controller protocols by which the intervention groups can submit invoices and back up documentation showing fees paid in full or part and with a signed affidavit from the pet owner showing whether or not the client was able to pay any portion of the redemption fee.
  - a. This reimbursement can be applied to pets for first time offenders and is limited by the legal number of pets allowed in LA City.
  - b. The redeemed pet must have proof of a City dog license, must be spayed/neutered and microchipped.

Report to the Board of Animals Services Commissioners  
SUBJECT: Use of AWTF For Intervention Group Clients To Offset Redemption Fees

---

**SUMMARY:**

After many years of providing services and assistance to help low income community members keep their pets, Lori Weiss, founder of Downtown Dogs, approached LA Animal Services with an idea to start an intervention program at the Chesterfield Square Shelter for people who are coming to the shelter to surrender a beloved family pet due to circumstances beyond their control. LA Animal Services agreed, provided a reception area and trained volunteers began greeting people coming to the shelter asking if the person wanted to surrender the pet or if there was some circumstance beyond that person's control that was forcing them to give up the furry family member. If the person/family wanted to keep the pet, the intervention program volunteers determined what was needed and set about to make it possible for the family to stay together. Not only did the success of the program spread inspiring two other intervention programs to begin at North Central and East Valley Animal Shelters, but the program has garnered national attention and it being discussed by progressive shelters in other areas.

**BACKGROUND:**

The intervention groups are spending a large part of their budget paying redemption fees to help low income community members redeem impounded dogs from LA City Animal Shelters. This expenditure reduces how much help they can provide for pet food, mending fences, veterinary care or other critical needs for the dog (or cat or rabbit). The intervention groups approached the Department about reducing the redemption fees. Since changing the fees will likely require consideration by the Budget & Finance and Personal & Animal Welfare Committees of City Council, and City Council which could be a rather lengthy process, staff is requesting that the intervention groups be given immediate relief of this expenditure.

Here is a summary of redemption fees reported paid by each group during 2015:

**Chesterfield Square:**

1. Annually (2015 until mid November) how much in redemption fees paid: \$17,600
2. How many pets/people did this help: 96
3. Were any repeat offenders: 2

\*The average cost per redemption is \$183.33

For the most part, the people that we help can pay at most \$50 towards fees. Often, we have no choice but to pay 100% of the fees or the pet would not be redeemed.

**East Valley:**

1. Annually how many fees paid: \$4,931
2. How many pets/people did this help: 47
3. Were any repeat offenders: 1

\*Please note the East Valley program started on 2/14/15 and is just operating one day a week. It will be expanding to 2 days a week in January of 2016.

**North Central:**

1. Annually (2015 until mid November) how much in fees paid: \$13,431
2. How many pets/people did this help: 100
3. Were any repeat offenders: 4

Report to the Board of Animals Services Commissioners  
SUBJECT: Use of AWTF For Intervention Group Clients To Offset Redemption Fees

---

\*The average cost per redemption is 134.31

\*The North Central Shelter Intervention Program just recently started operating 5 days a week at the shelter. Until October we were there only 2 and a half days a week.

**FISCAL IMPACT:**

There is no fiscal impact on the City General Fund.

**COMMISSION MEETING DATE:** January 26, 2016

**REPORT BY:** Mark D. Salazar

**REPORT DATE:** January 22, 2016

**TITLE:** Director of Field Operations

**SUBJECT: ADMINISTRATIVE CITATION ENFORCEMENT UPDATE**

---

**SUMMARY**

On June 1<sup>st</sup>, 2015, the Department of Animal Services' Field Staff began issuing citations for the Administrative Citation Enforcement (ACE) pilot program. The implementation was staggered throughout the Field Service's Division to help ensure a successful program. Both Animal Control Officers and Licensing Canvassers are finding the program very useful and successful. The program is saving staff from returning to the same properties multiple times in order to gain compliance.

**BACKGROUND**

On June 21<sup>st</sup>, 2013, the City Council adopted the ACE program ordinance (Council File 10-0085), and requested the City Attorney's Office to develop an ACE Pilot program involving the Los Angeles Police Department and the Department of Animal Services. On November 5<sup>th</sup>, 2014, the City Council adopted an implementation plan for the pilot program and, as part of that plan, requested the City Attorney to report back on a quarterly basis on the program status.

The ACE Pilot Program began on June 1, 2015, in the North Central District with Animal Control Officers and with the License Canvassing Team (citywide). The Department was delayed in piloting the program earlier in 2015 due to the serious impacts of the Da Vinci Fire at the end of 2014. On August 30<sup>th</sup>, 2015, ACE was expanded to the South Los Angeles and Harbor Districts, as well as with the Wildlife and Permit Teams (citywide). On November 30<sup>th</sup>, the pilot program was implemented citywide to also include the East Valley, West Valley, West Los Angeles Districts and the Animal Cruelty Task Force.

On January 19<sup>th</sup>, 2015, the City Attorney's Office provided their ACE Program Quarterly Report to City Council (Report #R15-0275). This month, ACE moved out of its, "Pilot Program" phase for Animal Services and the Los Angeles Police Department. The program is now in full force. The Department of Building and Safety and the Housing and Community Investment Department are still planning to start using ACE forthcoming. The City Attorney's Office is also looking to expand the program to the Los Angeles Park Ranger Division of the Department of Recreation and Parks and the Los Angeles Fire Department.

## STATISTICS

The following are the current statistics for the ACE program from June 1, 2015 through January 19, 2016:

DATE: <b>01/19/16</b>	COMPLIED	PENDING	SUBMITTED	OTHER (WARNING, VOID, WITHDRAWN, ETC)	TOTAL
HARBOR	85	28	21	31	165
LICENSING	250	293	121	40	704
NORTH CENTRAL	281	104	174	81	640
SOUTH LA	96	75	65	113	349
EAST VALLEY	17	56	26	54	153
WEST LA	6	3	5	12	26
WEST VALLEY	24	39	22	55	140
PERMITS	3	0	0	3	6
WILDLIFE	0	0	0	1	1
<b>TOTAL</b>	<b>762</b>	<b>598</b>	<b>434</b>	<b>390</b>	<b>2184</b>

Most of the citations issued are in situations that may be correctable, such as obtaining a dog license or having the animal spayed/neutered. The ultimate goal is to gain compliance ("COMPLIED" – above) from the animal owner. These citations offer a cure period ("PENDING" – above). If compliance has not been attained by the compliance date, then the citation is forward to the City Attorney ("SUBMITTED" - above) for processing and a fine is levied. In some cases, citations are issued as a "Warning", voided or withdrawn for various reasons ("OTHER" – above). To date, 35 people have asked the City Attorney's Office for an Initial Review (which is a free process per the Ordinance) and only five people have requested appeal hearings.

## FINES AND PENALTIES:

The ACE Program is still relatively new. Fines are being received from violators by Data Ticket, Inc., on a daily basis. Unpaid citations are referred out to private collection agencies. In certain cases, the ACE delinquent cases will be referred to the income tax intercept program of the State's Franchise Tax Board. To date, the fines collected are \$8,497 with an outstanding amount of \$106,253 yet to be collected. The total amount is \$115,900 (which includes \$1,788 in other charges and fees). All moneys collected go into the General Fund.

## **DISCUSSION:**

Staff have found the ACE Program to be very effective in field enforcement. The program was successfully implemented in a way that gave the Department time to adjust to the new approach of enforcement.

Prior to the ACE program, staff left notices that had little to no effect for gaining compliance. The ACE citations not only provide the public an opportunity to comply without fines, in most cases, but also encourage closure to correct the violation with a pending fine. Staff does find the program to be fairly labor intensive, due to some additional requirements requested by the City Attorney's Office designed to enhance the defense of any contested citation. Although it does take staff more time to write out ACE citations than the prior notices, it saves staff in most cases from having to return to the property multiple times to try to achieve compliance. People respond to ACE citations, and sometimes the very same day.

It should be noted that out of the 2,200 citations issued, less than 20% are referred to the City Attorney's Office for processing. Over one third have already gained compliance. As staff become more proficient in writing ACE citations, the overall volume is anticipated to increase exponentially. In the first three weeks of January, 2016, over 400 ACE citations have already been issued. The program has only been in full force citywide since December 2015, excluding the City of Beverly Hills. The City of Beverly Hills is covered by contract from the West Los Angeles District which just began issuing ACE cites last month. Staff have been in contact with the City Attorney's Office and are scheduling meetings with the City of Beverly Hills to introduce the ACE Program before citations will be issued in Beverly Hills.

The program does require additional time from Field Supervisors to review citations daily. Administrative Management also reviews citations and maintains a database of all of the citations issued. An ACE clerk, funded by the ACE program, is essential to maintaining part of the review process and database. As the program continues to grow, the Department is already recognizing a need to consider an additional clerical staff member to maintain the review and entry of the citations.

The goal for the Department is compliance, not penalty and fines. Staff works with the public and allows extensions in many cases. It is safe to say, that most citations forwarded to the City Attorney's Office for processing are because the person cited fails to correct the violation and/or work with the staff member who issues the citation. Each ACE citation has a phone number and contact information to reach the issuing staff member. Also, each ACE citation clearly displays the date for compliance and fine total if compliance is not met. Again, the Department's approach to the ACE Program is compliance driven.

## **SUMMARY**

The ACE program has gained anticipated momentum since the initial implementation on June 1, 2015. Staff finds that the public are far more responsive the ACE program than with the use of court citations and prior notices (court and criminal processes are still available to officers). This in-turn saves staff time from having to repeat multiple visits to the same property trying to achieve compliance. In short, the ACE program saves staff time and brings about a more expedient resolve to most cases for compliance. The ACE Program enhances a safer and healthier animal community.
